

Advanced Volleyball – Amarillo

Proudly Announces

The Scholarship Fund

Advanced Volleyball – Amarillo is pleased to offer a “scholarship program” as one way to assist athletes with club fees who otherwise would not be able to participate and to promote higher education.

We acknowledge that playing club volleyball can be expensive and we have a strong desire to make this experience available to anyone who has the desire to play and the willingness to help themselves by helping others.

Mission:

To reduce the cost of participation for qualified athletes; encourage and enable involvement of regional athletes that otherwise would not be able to participate. Promote higher education of student athletes through collegiate scholarship offerings.
